

Services for Businesses

You can count on us for customized recycling solutions that are both cost-saving and environmentally friendly. We offer businesses in Cabo Verde comprehensive waste management solutions that not only save you money but also help you achieve your sustainability goals.

Customized Recycling Solutions

Collection Service

Our collection service is tailored to the specific needs of your business:

- **Flexible and customized pickup schedules:** We offer pickup schedules that fit your business operations, ensuring convenience and efficiency.
- **Containers in various sizes:** We provide containers in different sizes to meet your waste needs, ensuring you have the right capacity for your waste output.
- **Separated collection of various materials:** Our service includes careful separation of collection for paper, plastic, glass, and other recyclable materials to maximize recycling efficiency.
- **Emergency pickup for large volumes:** We offer rapid and efficient emergency pickup services for large waste volumes, ensuring your operations run smoothly without interruption.
- **Secure destruction of confidential documents:** We safely and efficiently destroy confidential documents to protect your business data and maintain confidentiality.

Consultancy

Our consultancy services support you in optimizing your waste management:

- **Waste audit and efficiency analysis:** We conduct comprehensive audits to evaluate and optimize your current waste management processes, identifying areas for improvement.
- **Development of waste management systems:** Our experts help design and implement effective waste management systems tailored to your business needs.
- **Employee training:** We provide training to make your staff aware of best practices in waste management, fostering a culture of sustainability.
- **Regulatory advice and compliance:** We offer advice to ensure your business complies with all relevant environmental laws and regulations, avoiding potential fines and enhancing your reputation.
- **Sustainability reporting and certification:** We support you in preparing sustainability reports and obtaining certifications, helping you demonstrate your commitment to environmental responsibility.

Business Benefits

Our services offer numerous advantages for your business:

- **Cost savings on waste management:** Efficient waste management can significantly reduce costs, freeing up resources for other business needs.
- **Compliance with environmental regulations:** We ensure your business complies with local and international environmental laws, safeguarding your operations.
- **Improvement of your sustainability profile:** Enhance your corporate image with a strong sustainability profile, attracting environmentally conscious clients and partners.
- **ESG reporting certificates:** Obtain the necessary certificates for Environmental, Social, and Governance reporting, demonstrating your commitment to sustainable business practices.
- **Support for green marketing:** Effectively promote your sustainable initiatives with our green marketing support, setting you apart from competitors.

Sectors

Our services are suitable for various sectors, including:

- **Hospitality and tourism**
- **Offices and administration**
- **Construction and building**
- **Manufacturing and industry**
- **Retail and distribution**
